Coleman Mine Rescue Team Provincial Champs

Working with the precision of a crack military squad, Coleman Collieries Mine Rescue Team took the Alberta Provincial Championship for mine rescue at competitions held in Coleman over the week-end.

The Coleman team under Capt. Hall Chamberlin, tallied a total of 719 points to win out over the Canmore mine's team under Capt. Angelo Maschio, who chalked up 701 points.

Third team in the event was the Edmonton Star Key mine team under Capt. W. T. Worthington, who placed third with 688 points.

The competitions were held in Coleman with the mine rescue problem laid out by the provincial mines branch.

The three snap teams were judged on every move by competent judges including Phil Nelson, Director of Mines, from Edmonton; J. Duncan Brown, former Director of Mines and now retired, of Edmonton; Martin Aschacher, District Inspector of Mines, of Edmonton; J. J. Kubin, District Inspector of Mines, Calgary; Paul Kusur, Safety Supervisor, Kaiser Coal of Fernie, and L. N. Potter, District Inspector of Mines, of Lethbridge.

The three teams performed a simulated mine disaster rescue operation that brought the teams through gas, cave-ins, mine fires and an accident area where first

aid had to be applied under dangerous conditions.

The teams were checked on every point from the time they began putting on their rescue equipment, testing equipment and entering the mine after studying the problem they had to face. Several hundred persons attended the excellent performance.

During the afternoon the competing teams and guests were entertained at a banquet at the Turtle Mountain Hotel, provided by Coleman Collieries Limited.

During the afternoon Andy Leitch, now retired Safety Supervisor for the Workmen's Compensation Board, acted as chairman of the events and called on F. J. Harquail, president of Coleman Collieries; Paul Kusur, Safety Supervisor of Kaiser Coal of Fernie, and Jack Diskin, general manager of Coleman Collieries, to present awards respectively to the winning teams.

The awards were provided by the Mines Branch and the Workmen's Compensation Board.

The winning Coleman team will now compete in the Dominion finals in Penticton this summer.

NIAGARA SPECTACLE — The Maid of the Mist is dwarfed by the thundering waters of the Horseshoe Falls. Views of Niagara Falls are also available from towers above the brink and state and provincial parks adjoining the cataracts. Free literature is available from Dept. INB, Chambers of Commerce, Niagara Falls, Canada or U.S.A.

2000 Attend Races

Close to 2,000 fans saw John Johanssen of Frank, take top honors for the speed dash and took the track record trophy at the opening day events at the new Lee Lake PARA race track.

Dean Barlow of Hillcrest took the Greenhill Hotel trophy for the main event of the day and Miss Gail Fortunato of Bellevue chalked up best time for take the "Powder Puff" trophy. Winning over four other girls in the ten lap race.

Second place in the Speed Dash went to Wallace Aebli of Calgary, and Richard Jilain of Bellevue, placed third.

Fifteen stock cars took part in the exciting afternoon of events, and it is expected that another 15

cars could be ready for this week-end's races. Announcer for the initial race was Robin Ingram of Coleman.

Despite the fact that wind, dust, blown transmissions, minor collisions and other griefs common to the race track, plagued the day, the event was a marked success as great interest and excitement shown by the large attendance promises that the sport will gain in popularity.

Martin Myslicki, Age 77 years, Passes May 28

Martin Myslicki passed away in Crows Nest Pass Hospital on Tuesday, May 28, 1968, at the age of 77 years.

He was born in Zbaraz, Poland, on December 10, 1890.

He came to Canada in 1927 to Prince Albert, Sask., and lived there for a number of years before moving to Creston, where he farmed for about 14 years, prior to moving to Coleman four years ago.

He served in the Polish and Austrian cavalries in the First World War.

He was predeceased by one sister in Poland.

Survivors include his wife Jennie and a son Joe, both of Coleman; another son Walter of Regina, Sask.; one step-son in Poland; seven grandchildren and four great grandchildren.

Requiem Mass was celebrated on Friday, May 31, at 10:30 a.m. in the Holy Ghost Catholic Church with Rev. Walter Krewski officiating. Interment followed in the Coleman Catholic cemetery. Fantin Chapels Ltd. in charge.

Pythian Sisters Mark Mother's Day

Coleman Temple Pythian Sisters marked its May meeting by celebrating Mother's Day at a banquet.

Margaret Johnson was named "Mother of the Order" for the year and was presented with a bouquet of flowers by Most Excellent Chief Evelyn Hopkins.

An evening of whist was held after which supper was served. Visitors were present from the Hillcrest Temple.

Failure is the line of least persistence.

Geoff Knowles Passes May 26

Geoffrey Leopold (Geoff) Knowles of Coleman, passed away Sunday, May 26th, 1968, at the age of 61 years.

He is survived by his loving wife, Edith, of Coleman; one daughter, Mrs. William J. (Lois) Cartwright of Petawawa, Ont., and three grandchildren; two step-sisters, Mrs. Joe (Pearl) McWhinney of Abbotsford, B. C., Mrs. Bill (Violet) Mercer of Vancouver.

Mr. Knowles was born in England and came to Coleman as a child and has resided here since. He was employed as a tipple diesel driver with the Coleman Collieries for 33 years and was a member of the local Miners' Union.

Services were held at the Little Chapel on the Corner Jacques Funeral Home in Calgary, on Thursday at 1:30 p.m. with Rev. David D. G. Tatchell officiating.

Interment followed in Queen's Park cemetery, Calgary.

O.O.R.P. Instal, Slate

District Deputy Honored Royal Lady Isabel Patsuk, assisted by Past Honored Royal Lady Anna Jones, installed the new slate of officers to head the Coleman OORP — the incoming slate comprising:

Honored Royal Lady, Mildred Zak; Past HRL, Helen Kropinik; Secretary, Irene Filaffio; Treasurer, Marge Schultz; Conductress, Edith Nelson; Chaplain, Hilda Caroe; Historian, Clara Haslett; Associate Lady, Mary Meronuk; Loyal Lady, Mary Bowman; Lecturing Lady, Olga Krug; Three-year trustee, Connie Michalsky; In. Guard, Dorothy MacQuarrie; Out. Guard, Veronica Proc; Pianist, Isabel Slavick.

Council Pass Camp Shelter By-Law

A by-law designating the specific use of the camp shelter in the Coleman town park had its final reading at council meeting on May 28th.

The by-law indicates that the shelter facilities in the park shall be used for preparing, cooking and partaking of meals. The shelter is not to be used for loitering or other purposes and offenders will be liable to prosecution under the by-law.

Council took this action at the request of the Lions Club and local citizens, who felt that the camp shelter was an asset to the town.

Council had decided to tear down the shelter as vandals had torn boards from the wall, smashed the chimney and had done other damage.

Final reading was given to a by-law appointing Clarence Schile as town secretary treasurer.

Mr. Schile will attend a secretarial refresher course at Banff on June 2 to 5.

John Kapalka was appointed as assistant town secretary. Five applications were studied by council.

Council approved the laying of a glass top on the council chamber meeting room table. A large aerial photograph of the town will be placed under the glass top.

At council's utility companies meeting prior to the council meeting it was announced that Sir P. Stonehouse of the Department of Municipal Affairs, would try to arrange to have an engineer make a survey of the Grafton town area, a suburb of in north east Coleman, to find out the cost of the area getting water service from the town of Coleman. Residents living in this area have wells to provide their water needs.

Hockey Banquet Well Attended

William Gibson of Lethbridge, a former Native Sons hockey player, was speaker at the Coleman Minor Hockey Night banquet held recently, attended by over 100 persons.

Introduced by president of the Coleman Athletic Association, Peter Walker, Mr. Gibson gave a resume of his five years with the Native Sons relating some of the incidents that occurred during games with the Crow Coalers in the Pass.

During his talk Mr. Gibson recognized Dave Pow of Coleman, who played goalie for Lethbridge Maple Leafs and mentioned that when Mr. Pow was playing he (Mr. Gibson) was sick boy for the team. Mr. Gibson played centre for the Leafs and travelled overseas with them in 1951-52 when they brought the laurels back to Lethbridge. Mr. Gibson spoke on good sportsmanship and encouraged the young players to continue their hockey careers.

Mr. Gibson presented the Jack Kuffinoff team trophy for Mighty Mites to Rick Pavlus, whose Ranger team won out over the Maple Leafs. The trophy for scoring the most goals during the season was

won by Wayne Gettman. Coach Joe Troz, sr., presented a colored photo of the Bantam and Midget Club to Pep Oliva, who sponsored two sets of hockey uniforms for the young players. The uniforms bore the names "Pep's Boarders" and "Pep's Greyhounds".

Introduced during the evening were coaches Ed Amell, Don Gibson, Dave Pow, Dave Barrass, T. Collins, J. Hopkins, Mel Taje, Ken Taje and Joe Troz, who were given a standing ovation for the time and effort they spent with the teams during the season.

Treasurer of the clubs, Jack Root read the financial statement showing that despite heavy expenses during the season the year had ended in the black.

Draw for the reclining chair was made and winner was Elaine Sawchuk of Fernie, B. C.

At the conclusion of events a vote of thanks was extended to the Women of the United Church who served the hot turkey banquet.

Coleman Girl Graduates

On May 30, at the Jubilee Auditorium in Calgary, Miss Beverly Jumarchik received her Associate Diploma in Christian Education from Mount Royal Junior College.

Beverly will spend the summer at Canyon Church Camp, Waterton, where she will be a full-time resident, co-director and manager.

In September she will be employed at St. Thomas - Wesley United Church, Saskatoon, Sask., where she will work with Rev. Clifford R. McMurtry, formerly of Wetaskiwin, Alberta.

Attending the graduation were former Coleman residents, Mr. and Mrs. F. Patter, Mrs. Mel Dunford and Miss Kathy Sekella. Also attending were friends and relatives from Calgary.

Library To Close July and August

At the June meeting of the Coleman Community Library it was decided that the library will be closed for the months of July and August.

All books must be returned by Thursday, June 27th.

Books may be taken out Thursday, June 20 but for a one-week period only.

Please remember to return overdue books.

Lethbridge C. of C. Visits Pass

Over 60 members of the Lethbridge Chamber of Commerce visited the Crows Nest Pass June 5 and were taken on a tour of Phillips Cables Limited, Saratoga Processing, Jefferson Lakes Petrochemical plant and Vantage Industries Limited.

The tour wound up with a luncheon served at Bohomole Quarter Horse Ranch at Sentinel.

The Crows Nest Pass Industrial Development Board catered to the visitors who came to the area on a dayliner after having visited the Fernie-Natal-Michel area on June 4th.

UMWA Delegates To Attend Convention

The annual United Mine Workers of America convention will be held in the Labor Temple in Calgary on June 26 to 28.

Attending the event from Coleman Local of the UMWA will be President Peter Meronuk, Vice-president William Skura; Secretary John Ramsay, and the committee members John Sanyshyn and Douglas Skinner.

The pioneers who blazed the trails now have descendants who burn up the roads.

Coleman Lions Circus Fri., June 28

Preparations are being finalized by the big three ring Hubert Castle International Shrine Circus that will be visiting here under the sponsorship of the Coleman Lions Club.

Date for the big event has been confirmed for Friday, June 28th, when two performances will be presented in the Horace Allen high school sport grounds.

The show is the same circus that visited Calgary recently and the same acts and animals are to be brought to the Pass.

Featured in the afternoon and evening shows will be the internationally known Janmar Ele-

phants as well as "Baby Jan", the world's youngest performing elephant.

Baron Julius Von Uhl and his big cats will also be part of the main attraction at the shows that will feature wild animal acts, pretty girls, clowns, aerialists and other special events that combine to make the circus one of the best that has ever visited the Crows Nest Pass.

Mrs. Wavrecan Passes In Calgary

Mrs. Catherine Theresa (Omelusik) Wavrecan, passed away in Calgary at the age of 41 years, on May 30, 1968.

She was born in Hillcrest on January 26, 1927, and resided there until 1940, when the family moved to Cowley. She married her husband John in Coleman on February 12, 1944, and has resided there since.

She was predeceased by her father in Hillcrest on September 13, 1939; her mother at Cowley on May 13, 1946, and a brother John in Coleman on August 16, 1948.

Survivors include her husband John; three sons, Tom, Timothy and John Michael; one daughter, Caroline, all of Coleman; two brothers, George of Calgary, and Fred of Lethbridge; two sisters, Mrs. A. (Edna) Buckna of Cowley and Mrs. Dave (Rose) Barras of Coleman.

Prayers were said in Fantin's Coleman Chapel at 7:30 p.m. Friday, May 31. Requiem High Mass was celebrated on Saturday at 2 p.m. in the Coleman Holy Ghost Catholic Church, with Rev. Walter Krewski officiating.

Interment in the Coleman Catholic cemetery with Fantin Chapels Ltd. in charge.

The house cat is believed to be a cross between the sacred cat of Egypt and the European wildcat.

Catches Moose

Bill Kinnear, Coleman lad, while hiking along McGillivray Creek, last week-end, found an apparently abandoned baby moose.

The animal, about the size of a Labrador dog, was carried by Bill to his home in Coleman and was then turned over to the Forestry Department for care. It is reported that occasionally that a cow moose, giving birth to twin calves, will abandon one of the young.

Miners' Picnic July 14th

Peter Meronuk, president of the Coleman Local of the United Mine Workers of America, has announced that the third annual miners' picnic will be held on Sunday, July 14th.

The picnic for miners and their families is to be held at Knowles' ranch, north west of Coleman and will start at 11 a.m. and continue until evening.

Families are requested to bring their own picnic lunches and the Union will provide ice cream, pop and other items.

Races and games will be held for young and old with prizes being sponsored for all events.

The road to success is always under construction.

Alberta Teachers' Salaries Higher Than In U. S.

Alberta teacher salaries are substantially higher than salaries of teachers in the United States. The National Education Association, the largest teacher organization in the U. S., reports that the average starting salary for teachers with a Bachelor's Degree was \$5519 in 1967-68. The average starting salary for teachers with a Bachelor's Degree in Alberta was about \$6300 in 1967-68 — almost \$800 more than for U.S. teachers. Surveys show Alberta teachers with a degree also have much higher maximum salaries than do U. S. teachers.

The salary for degree teachers employed by the Edmonton Public School Board starts at \$6300, rising to \$10,950 in 12 years in 1967-68. Teachers with similar training in New York City receive from \$6200 to \$10,350, moving from minimum to maximum in 14 years. The salary rate for teachers in Denver, Colorado, starts at \$5500, rising to a maximum of \$8975 in 12 years.

While many Canadians strive for parity wages with U. S. workers, Alberta teachers have enjoyed parity pay, and better, for several years.

In contrast with Alberta's professional teachers, whose starting salary is about \$800 higher than for teachers in the United States, Canadian engineers graduating out of university last year expect to receive \$1500 less than their U. S. counterparts. Substantial differentials existed for other university graduates in other disciplines.

The U. S. teachers association, The National Education Association, estimates 1968-69 starting salaries for graduate teachers will be \$5850. Denver, Colorado, teachers have agreed to a salary range of \$6,000 to \$9575. The Alberta School Trustees' Association reports that most requests made to school boards in bargaining are for salaries ranging from \$7500 to \$12,500 or more.

Letter to the Editor

36 Lynnwood Drive,
Calgary 28, Alberta,
May 29, 1968.
The Coleman Journal,
Coleman, Alberta.

Dear Sirs:

Due to the success of our Centennial Trail Ride we have formed our second trail ride from Waterton Lakes National Park, June 29th, 1968, to July 6th, 1968.

We ride from E. Ekelund ranch north of the park boundaries at noon on June 29th and ride through Pincher Creek to the Porcupine Hills Forest Reserve, then across

country to Longview and Okotoks and the Bar Y. T. ranch at Midnapore. From there we end up at the Macleod Mall Saturday afternoon where the trophies will be awarded to the group winners and buckles will be given the youngest and the oldest riders who complete the ride. The winners will ride in the Calgary Stampede Parade.

This is a family judged pleasure ride. The average ride a day will be about 25 miles. Each rider will bring along his own camping equipment, tent, trailer or camper — whatever the case may be, unless of course, he is with a group which is a bit easier and more fun.

Each group has their own cook and whatever they need.

This year there will be a catering outfit where you can buy sandwiches, coffee, bacon and eggs, pancakes for breakfast, also one hot meal a day for supper. Any one interested may phone 242-5215 if they do not have their own cooks.

As mentioned, this is a pleasure ride and so to add to the fun of camping each night, we ask people to bring along musical instruments, if they have any.

Anyone needing a horse may phone 255-9064 — they will supply a horse for a nominal fee.

We would certainly appreciate a little mention in your paper as we have no means to advertise. There is no fee to join in this ride and so you see it is a non-profit project, but the more that come along the more fun it is. Last year we had a family from Washington, U.S.A., through the kind free advertising of different papers.

For any information please write Centennial, Trail Ride, 36 Lynnwood Drive, S.E., Calgary, Alberta, or phone: 279-3923 or 279-4712.

Sincerely thanking you,
Centennial Trail Ride.

Those wishing pictures of graduates, wedding parties or other functions we will be very pleased to put them in the paper if the persons concerned are willing to pay for the cut made to produce the picture. Many remarks have been made as to the reason for publishing some pictures and not others.

Advertising...

★ ★

Modern advertising is a necessity to hold and build business. Be proud of your business, of the goods you have to sell, of the services you have to offer in your particular line. Show the progressive spirit and the desire to serve by advertising. Do not hide your light under a bushel — proclaim far and wide who you are and what you have to sell and where your place of business is, for public memory is short, and advertising is a powerful aid to all types of business. Moreover, people as a general rule shop where they are invited.

ALBERTA HEALTH PLAN

The Breakfast Beat

Inadequate breakfasts contribute to fatigue, reduced efficiency and decreased concentration, says Miss Alvina Berg, Nutrition Specialist with the Alberta Department of Agriculture.

Breakfast says Miss Berg, should supply one quarter to a third of the daily requirement. Yet, many school children fail to eat an ade-

quate breakfast and adults often skip it entirely.

Miss Berg suggests you eat breakfast if you want to maintain a desirable weight. Studies reveal that overweight people skip breakfast in an attempt to cut down on calories, but become over-hungry and so snack on high calorie foods or over-eat at lunch. It is believed that one metabolizes food more completely and there is less tendency for fat to deposit when meals are eaten frequently.

A good breakfast includes ener-

gy foods in the form of enriched bread, whole grain cereals and citrus fruits. Since protein and fat take longer than carbohydrates to digest, it is important to include them for breakfast. Meat, eggs and milk help prevent mid-morning hunger pangs and fatigue.

A good breakfast is essential for the family — including Mother! Miss Berg says too many conscientious mothers give so much attention to feeding their families well, that they neglect their own food habits.

Forest Recreation

When we add up the values of trees and forests, we see an impressive list: protection of wildlife, both birds and mammals; protection of farm lands from wind and water erosion; protection of crops from the full effect of drying winds; conservation of moisture, both snowfall and rainfall; protection from flooding; creation of wood products like fuel, lumber, fence posts, etc., and perhaps most important to us at this particular time of year, the creation of recreation areas. This is a very impressive total, and it is obvious that without the forests, our lives would be very different and probably less comfortable.

When you go for a vacation you are more than likely to travel or live in or near our forests. For Canada is, above all, a forest country. Far more than half the land area of her ten provinces is forested and suited only to the growth of wood.

Fire is a constant threat to this wealth of ours, and human carelessness is usually the cause of our forest fires. Do your part to prevent fire and keep our forests green, not only that we may enjoy them for our vacations this summer and in years to come, but that we may enjoy the wealth of their future harvest.

Traffic Statistics In Alberta For March, 1968

During March, Alberta's traffic death toll was 22, bringing the record for the first 90 days of 1968 to 64 dead. This was 7 more than March, 1967, and 7 more than for the first quarter of 1967.

And there were 695 injuries reported during the third month, up 131 from March, 1967.

The 22 traffic deaths this March occurred in 3538 accidents. Fifteen lives were taken in 3743 separate accidents during March, 1967. No deaths occurred in Edmonton during March, 1968. Total so far this year is 19.

Two died in accidents in Calgary.

The provincial injury picture continues to climb. There were 695

personal injuries reported during March. Added to those suffered in January and February, the 90 days total was 1768, a 15 per cent increase from a year ago.

Total traffic accidents reported for March reached 3538. Total for the first three months of 1968 is 11,627, up 9 per cent.

Careers in Home Economics:

Preparation and Cost
During the past six weeks I have
tried to present a resume of possi-
ble careers in Home Economics.
It is more than just cooking and
sewing, isn't it?

I suppose it is all very well to
expound for weeks about the end
results, but for those parents with
graduating daughters in senior ma-
trication programs, the big ques-
tions remain. What pre-requisites
are required? Where to take train-
ing and How Much Will It Cost?

The training of a home econ-
omist begins in high school where
the student should prepare herself
with future training with a good
background in science—chemistry,
mathematics, physics and biology
if possible. It is an asset to have
completed the Home Economics
option. But a student may enrol
in the School of Home Economics
without high school options.

All of the four western univer-
sities—British Columbia, Alberta,
Saskatchewan and Manitoba) re-
quire senior matriculation with a
60 to 65 per cent average as a
pre-requisite for registration.

All degree courses have basic
compulsory courses which a stu-
dent must take giving her a gen-
eral educational background simi-
lar to an Arts and Science cur-
riculum. In her third and fourth
years, the student specializes
along the line of her greatest in-
terest such as teaching, dietetics,
textiles, design or others.

After graduation study contin-
ues: for teaching, one year of teacher
training with the Faculty of
Education is required; for dietetics
one year of hospital internship in-
service training. A higher degree
earned through further study at
the university level leads to uni-
versity teaching and research.

A degree in Home Economics re-
quires 3 to 5 years of study, de-
pending on the university attend-
ed, and the program is eligible to
pursue, i.e., either a regular pro-
gram or an Honors program which
requires further study. Tuition fees
range from \$50 to \$500 per year.
In addition there will be compul-
sory fees for Students' Union, lab
fees, medical fees and possibly
others.

Text books are an additional ex-
pense and run from \$75 to \$100
per year.

Residence living is available at
each campus and the rate varies
with the type of accommodation.
The starting rate is in the neigh-
borhood of \$90 per month room
and board. Off-campus accommo-
dation is generally cheaper, but
less convenient. To give a general

estimate of the total cost of a
university year is difficult, but it
ranges from \$1200 to \$2200, de-
pending both on the individual and
the course of study pursued.

Hope this series has served both
to inform and encourage future
members of the profession.

Good Luck!

Additional Help For U. of A. Under Federal Plan

OTTAWA — Approval of an ad-
ditional contribution of \$5,388,144
from the Federal Health Resources
Fund for the University of Al-
berta, Edmonton, was announced
recently by National Health and
Welfare Minister Allan MacEach-
ern. The money will assist costs
of constructing a new Clinical Sci-
ences Building.

A previous \$403,408 contribu-
tion from the Resources Fund was
approved in mid-1967 to assist the
University with the functional plan-
ning of its Health Sciences Centre.

In announcing approval of this
contribution to the university, Mr.
MacEachern stated "The construc-
tion of such facilities as the Uni-
versity of Alberta's Clinical Sci-
ences Building is essential if the
number of graduate physicians and
medical specialists is to be in-
creased, not only in the province
of Alberta, but in the whole of
Canada as well. I feel that the
construction of buildings such as
this, in addition to increasing the
number of medical practitioners
and medical research personnel,
will have a direct bearing on the
quality of medical care available."

"Similar to the good number of
health training institutions across
Canada that have received assist-
ance from the Health Resources
Fund, the University of Alberta
with this building will be able to
increase its current enrolment,"
said Mr. MacEachern. "With the
added training and research facil-
ities of the new Clinical Sciences
Building, the present number of
70 to 75 students per year in the
undergraduate medical program
will be increased to about 120 stu-
dents per year."

Construction of the building was
initiated in May, 1967. It is ex-
pected to be completed by October,
1968.

Research completed and put into
use the building will also be used
for training programs and re-
search purposes of residents, nurses
and laboratory technicians.

Located between 83 adn 84 ave.
and 113 and 114 streets, the build-
ing is adjacent and connected to
the University of Alberta Hospital,
and will be served by existing ser-
vice facilities.

The building consists of a four-
storey base and an 11-storey tower
plus penthouse, and is part of
the master plan that has been de-
veloped for University's Health
Sciences Centre. This plan includes
all of the property and buildings
of the existing University of Al-
berta Hospital.

Under terms of the Health Re-
sources Fund, financial assistance
is provided for up to 50 per cent
of the costs incurred in the con-
struction, equipping, acquisition
and renovation of health training
facilities, such as medical schools,
teaching hospitals and research in-

stitutions, after January 1, 1966.

In addition to the \$500 million
Health Resources Fund for the 15
year period 1966 to 1980, the Health
Resources Program includes stud-
ies to examine all aspects of the
supply of health manpower and
necessary recommendations.

The Health Resources Program
also provides a consultation ser-
vice in the fields of health man-
power and education.

Former Coleman Girl Calls on Journal

Mr. and Mrs. E. Lane of Barrhead, Alberta, passed through Coleman on Monday and called on The Journal and met a few old friends. Mrs. Lane is the daughter of the late Mr. Ernie Gare, former editor and publisher of The Coleman Journal back in the 1920's who sold out to Mr. H. T. Halliwell in the 1930's. She stated she noticed many changes in the town since she moved away from here.

One Dollar Phone Rate Anywhere in Sept.

A new Night Long Distance Calling Plan will go into effect on September 15, 1968, which will enable Albertans to call almost anywhere in the ten provinces for \$1.00 or less.

Alberta Government Telephones and the other seven members of the Trans-Canada Telephone System announced the new \$1.00 maximum rate today for a three-minute Direct Distance dialed call or station-to-station in areas not served by DDD placed between midnight and 6 a.m.

Under the new schedule, an after-midnight call from Edmonton to Toronto will be \$1.00. The present rate for the same time period is \$1.95. The same rate applies to a call from Calgary to Montreal.

Also on September 15, the night hour time period will be extended
